Greetings =ich,

Below is the =reakdown for the two trucks - Dump and Roll Off - that Tap =ourced. The axle upgrade was requested by Tap, and he and Chris =eed have reviewed all of the specs of both trucks.

The only other change =ap requested was a larger fuel tank on the Roll Off - currently it has = 80 gallon tank, Tap wants a 120 gallon tank - which Chris is looking =nto. Chris is also obtaining pricing for the flatbed attachment =hat will be needed to convert the roll off truck, so LSJ can again pick =p their purchases from Tropical Shipping, MSI, Home Depot, =tc.

The price =t this point, to purchase only, is \$344,040.75.

I have asked Chris for pictures of both =rucks, exterior and interior. He will also provide the dimensions =o I can get a quote for transport to the port.
