Good morning.

Both Anna and I have repeatedly attempted setting in touch with Bubbla/Stamley. When someone does answer his phone it has not been him and messages have been left with whoever answers.

We will be using our barge for the concrete needed to pour the Pebble Beach footing tomorrow.

Sir,

Mike has been coordinating directly with Peter and Jeffers so I've copied him into this conversation.

Peter can level the tiki floor as soon as tomorrow. The labor will be \$1500.00, which seems high to me, but I like that he can do it right away. We are waiting for another bid, but I know we can't begin until at least Wednesday and am reluctant to keep putting this off. Perhaps Rich can speak with Peter since he's been negotiating labor costs with him up to this point. I'd love to just get this done.

Peter's MSI order arrived on island earlier this week for Pebble Beach and Peter was here the following morning to work with it. I understand we're still searching for a Carmix operator and/or trainer, and that this bears solid impact on progress with all our concrete-related projects (Pebble Beach, roads, etc.). I'd like to ask Rich or Mike to chime in on where we are with that.
