=nbsp;Here's the gist of what I asked Gilbert after your phone call♦=80♦ He feels certain that he would improve your condition and have you fe=ling significantly better, within a weeks time, based on what he saw in you=MRIs. He's even willing to fly out there, and this man never likes=to fly, to work with you twice a day for a week.

He would do a full evaluati=n and give you specific care... mobilizing fixated segments, adjusting you,=showing you certain exercises, and as well, showing you what NOT to do to a=oid exacerbating the condition.
