Hey Faith

Summer was glorious and left too soon.

Of course I can set up an appt- does she want a "designer" haircutter or just an excellent french/ local one?

Let me know (and her name and a preferred time) and I'll address first thing tomorrow AM!

I use a dutch guy who worked at Masato who is terrific but there are the "david mallets" and "john nollets"=as such who are more well known.

Awaiting your news!

Have a good nite and a great NYFW

X

Hope you had a great summer...it went way to fast=...

Question a friend of mine is in paris she wants a great haircut can you help me get an appt for her please for Friday or Saturday

Please put it under my name

I really appreciate your help

XOXO
