Jeffrey

Just spoke to Thomas, he was meeting with his Maintence team about the GIV. =He is planning to send his Maintence guy to Stevens Aviaiton in Macon Ga Mon=ay March 18th to accomplish the GIV Log review, Our wiring diagrams and aircraft logbooks are currently in Stevens Avaiton,=Macon preparing for the CPDLC / 36month inspection.

Thomas wants accomplish the Demo flight after the log book review, log book r=view is for his own piece of mind, since they are not accomplishing any typ= of formal PreBuy, I'm Confident about the logbooks since Westfield Gulfstream just com=eted a Log Book review back in Oct.

Best case scenario is Demo flight from Atlanta to Nassau Bahamas with his in=estors onboard, approx the weekend of March 22nd,, Thomas understands this demo flight will cost him \$100k Non-Refundable, but i= he Buys the plane, the \$100k goes towards the purchase price, so he'= pretty much committed at that point, he certainly not willing to throw \$10=k away.

Thx  
Larry
