It is probable that Jonathon Pempek USACE w=ll be coming down on the 11th. USACE regulatory has been giving him =ome push back on processing of the dock permits(and on several other non c=mpliances he has settled). I will be talking to him about what needs=to be done to get things moving forward again. I know CZM had raised=issues on the applications and the temporary ramps. Has there been a=resolution? I want to check on what is happening but did not want to=stir the pot so to speak if a resolution is in the process.

On the cable=side we are less than a month away from both the CZM permit and the USACE =ermit.
