Jeffrey

Below is an email I sent to Thomas the GIV Buyer,, he is so confident that h= will proceed with the purchase, he's willing to give $100K nonrefu=dable money, to accomplish a 4 hour demo flight mission to his investors,, =He feels if he does this demo flight, he would be willing and able to close,=before the maintenance) CPDLC / 36month) inspection is completed, otherwise he would most likely have to close after maintenance is completed= If you approve I'll have Darren draft a contract ref to this demo fl=ght, see email below Do you approve?

Thx

Larry

Email I sent to Thomas:

Good morning Thomas,

I'm meeting with Mr. Epstein this afternoon, and I want to present t=e demo flight to him, just to recap our thoughts: Are you suggesting that you put $100K deposit, nonrefundable that will be ap=lied to the purchase price of the aircraft if you proceed with Purchase. =Which will include a demo flight of approximately 4hours in duration, which w=ll include ferry time from West Palm Beach to pick up your passengers, to a=destination TBD and back to Palm Beach for the aircraft?

Is this the way I should present?

Pls Advise?

Thx

Larry

Thomas response:

Yes, that's the idea which would allow me to get a quick closing. no= wait on bank funding etc. I am working on trip details / ideas today with o=r group.
