The tech states ideally if the rack is on its own breaker box. He recommends that I use heavier XLR cables (I will pick them up tomorrow). The rack was wired left and right. I will finalize labels. He has made an opening on Saturday to finalize the tuning of the rack.

ETC's (the vender that installed our existing phone service), =teve Bisby and I
spoke about the quote for a new phone system. This aftern=on Steve expressed that his boss no longer does non-

vendor (e.g. VIYA or someone else) handles the instal=ation with technical support. He will present this option to his

I have al=o reminded Earl that time is running short and we need that proposal

Also d=d you receive my list for items to come on the plane? if not let me k=ow
