Good morning,

I spoke with Liston last week because I had a question about something re Viya. He mentioned that he is willing to perform the work needed and that he would provide us with the list of materials/equipment required so that we can purchase it and he would do the installation and charge for labor only.

With warm regards,

Cecile

He did it to himself. You gave him a second chance and he did not deliver.

Updates

Flagpole pool

The tech states ideally if the rack is on its own breaker b=x. He recommends that I use heavier XLR cables(I will pick them up tomorrow=). The rack was wired left and right. I will finalize labels. He has made an=opening on Saturday to finalize the tuning of the rack.

Good Night Stephanie

=br>

ETC's (the vender that installed our existing phone service),=Steve Bisby and I spoke about the quote for a new phone system. This aftern=on Steve expressed that his boss no longer does non-continental installati=ns. I suggested the following alternative of them quoting the equipment and=l or a third party

vendor (e.g. VIYA or someone else) handles the installation with technical support. He will present this option to his boss and then get back to me.

I have also reminded Earl that time is running short and we need that proposal for the LSJ/GSJ WIFI. =

Also did you receive my list for items to come on the plane? if not let me know so I can resend it to you.
