Good day, Daphne,

Mr. Epstein instructed me during our meeting this week to press forward with Ghislaine from Kitchen Solvers for countertops. She is available Friday, March 1 - Saturday, March 2 (next week) to come to LSJ to measure all the countertop spaces in the cabanas and FPP and bring larger countertop samples. She suggested a 12:09 flight coming down and a 3:13 returning flight the following day. Could you please be in touch with her directly to arrange air and hotel accommodations for her?

Thank you,

Stephanie Remington
