**Subject:** Re:

No, we did not need to cut as there are two vents within the room for the attic space above and I looked at the space myself and there is no mold or rot present.

was any part of the ceiling cut to see what was above?  
please advise  
thank you

Good day, Sir. Everything had already been treated with mold killer. The ceiling discoloration was residual from the storm. It had never been painted. The a/c was off due to power outage and had not been reset, thus the damp musty smell.
