**Subject:** Pebble Beach / Main Compound

yesterday pebble beach was poured using 4 full loads from our =ar Mixer or approximately 28 yards..  
i spoke with =ike and peter eli this morning and the columns and beam across will =ake another 2 weeks for prep and pour (approximately another 21-28 =ards) mike said that Fran the Car Mix operator was =reat when the column is poured LSJ may need to =ent a pump truck or devise another mechanism as they will need to send =oncrete 10' up to to top

i =lso spoke with peter eli who submitted a Labor only quote for 2 =lanters as follows:

planter 1: 191 feet long (4-5 weeks of work) =ncluding footings..  
planter 2: 64 =eet long (1-2 weeks of work)

total cost for labor only =3,000

i told =im that his numbers seemed outrageous and that he needed to =xplain glidden also mentioned that planter #2 will =hange after french architects

i told peter to revise his numbers for =lanter #1 only and to be prepared to explain how he =alculated
