Jeffrey,

We spoke with Larry yesterday regardin= your schedule / our schedule and what we can accomplish / when.

Larry noted that you will be coming to=New York and that he could bring the aircraft here Monday morning for a fe= days until your trip to Paris.

Although we are jammed up at the momen= in our upholstery shop, we did suggest that we replace the foam in the di=an mattress as well as one of the single seat cushions with your "new foam", providing the opportunity for y=u to "test" the new foam on your long trip to insure that you =o not want to make any additional changes to the density of the foam layup= I believe this trip to France would provide you and ideal amount of time / situations to really get a feel for your level of comfort=and satisfaction.

In addition, we could start to knock o=f a few (no upholstery) items from the list below.

Kindly let us know your thoughts so th=t we can prepare for Monday.

Thank you.

1. Fwd L/H Bulkhead Monitor Closeout=/b>

Fabricate wood hand=e and finish to replace existing clear vinyl tab

2. Fwd R/H Cabin Bulkhead

Fabricate temporary=cover for Exit Sign in wood veneer to complement existing

3. Fwd Cabin Pocket Door

Camouflage door han=le and create visual symmetry of seam(s). Fabricate rectangle veneer=with top of piece at same elevation as top of L/H bulkhead monitor opening= Lower horizontal line could be at top of seat back height. Overall width approx. 5.0"

4. Mid Cabin Curtain

Fabricate new one? Sew vertical seams in existing to help minimize the wrinkles at the bottom? Need additional retaining strip with metal plated snaps.

5. Monitor on Ledge

New monitor (in the=color black) with swing arm mounted to ledge?

6. Speaker Bar

Mounted above side =uct outboard of lower side panel? Incorporate speaker grill to allow=acoustic transmissivity?

7. Sub-Woofer

What are we doing w=th Carry On sub-woofer?

8. Divan Arm rests & Doors & Close Outs=

Add (.50" ?) =oam to inboard vertical and top of arms (to be "softer")?

Reupholster arm res=s in Crate and Barrel fabric?

Reupholster divan d=ors in Crate and Barrel fabric?

Reupholster lower c=ose outs in Crate and Barrel fabric?

Reupholster fwd arm=rest removable half bulkhead in Crate and Barrel fabric?=/p>

9. Divan "Carry On" mattress</=

Reupholster in new =rate and Barrel fabric – make softer

10. Aft Galley / Lavatory door

Replace double stic= tape with contact adhesive on wood veneer closeout for horizontal piece.<=span>

11. Aft R/H Galley

Replace double stic= tape with contact adhesive on wood veneer closeout for aft bulkhead piece=

12. Aft Lavatory Potty Seat

Cut and sew white fabric pad in half

13. Aft Lavatory Toilet Paper Door

Work "garage door" so that it is more stable when being open or closed=>

14. Aft L/H Galley

Replace existing LED lights with new both inside the glass rack compartment and underneath that illuminates the countertop.

15. Aft Galley

Fabricate inserts that contain customer supplied carry on items.

16. Foot Stool

Fabricate a second foot stool (covered in carpet to match the existing) so that they both fit onto the existing "bag dock" on the L/H mid cabin=>

17. Sidewall Table Pulls

Hard edges are uncomfortable against fingers. Cover edge in leather / rubber / trim this piece for comfort

<=pan style="color:#422100">continued

18. Aft Lavatory Door

"Hinge" on door makes noise

19. Single seats

Fabricate 2 single seat fabricate two (2) bottom seat cushions employing the same type (non fireblock) of foam that you used on the divan mattress. Please Upholster the cushions in leather to match the seat.

</=pan>

20. table springs?

21. top adjusted? =o:p>

22. bag holder. redone. <=:p>

23. new top for credenza or we can make seat. ?

24. veneer needs attention. in a couple of places. .

25. need to rethink coffee compartment to remove=steam. .

Best Regards,

Eric
