Subject: This =oming Week

Good morning= █████ and Anna,

The principal would like to ha=e Anna take the lead on food and will stay on island during this visit. He=would like to test you out as well, so you most likely will be learning fr=m, shadowing, or perhaps even assisting Anna. Have included her in this em=il so that the two of you may correspond directly as she will be the lead.=nbsp;

Anna, since █████ has just begun this tri=l period, she does not presently have access to the company's purc=aing or transportation resources, so she won't be of much use for=shopping just yet. However, if you want to take her with you or send her w=th Carlos, she will support as needed.

Thank you,=div>

Stephanie
