thoughts? invite Chaitin one on one - when? where?

I'm in NY April - 13, love to meet broadly.

On Mar 27, 2019, at 10:03 PM, Robert Kuhn <████████> =rote:

Sorry... just =ot back. Really good day - Paul Davies, VS Ramachandran wonderful =phantom limbs, synesthesia [and Art]., apotemnophilia, etc - =hough he has advanced Parkinson's).

I know that! 'Talk=to the guys' >>>> PR! We are startlingly =like (similar genes from the old country).

My original thought was for you to =ome to the set on April 7 for

Gregory Chaitin - https://en.wikipedia.org/wiki/Gregory_Chaitin algorithmic information =heory

Danny Chamovitz - <http://www.danielchamovitz.com> https://en.wikipedia.org/wiki/Daniel_Chamovitz. "What a =lant Knows"

On =he set, you would see how we work: Peter directing, complex equipment, =rew, structure of the session, nature of questions, and of course =isten to the content.

I thought/think the level of risk is low (both are not living =n the US - Chaitin in Brazil, Chamovitz in Israel where he was just =nstalled as president of Ben Gurion University of the Negev).

April 8 is less =nteresting and more risky. (We'll be back in NY in June, =people still being worked through - interesting characters.)

To meet them one-on-one = in your inimitable and utterly engaging style, which I appreciate and =horoughly enjoy - is a different question

My original thinking was to keep =our/JEVIF underwriting/sponsor relatively secret until the shows are =roadcast - then, after all see our CTT Breakthroughs full season of 13 =isodes - high, nonpareil content, world-class scientists/thinkers, =irst-class quality of production - truly a unique contribution to world =hought - we will be in a strong position to go public and be proud. (I =now PR/public is not your point.)

Prior to broadcast, I'd suggest =e be circumspect: I worry that someone might tell their girlfriend or =ousin, who could try to make a problem with PBS, who =nows?

Bottom line: Here is what I recommend. The set for sure on =pril 7 (stay as long or short as you like). For the one-on-one with =ou, I invite Chaitin - at your house or on the set, say during lunch, =f more convenient. But not Chamovitz, because his new position as =resident of Ben Gurion University might make him nervous.

Once we broadcast, then =u class="">everyone in the series is fair game! =roudly so. For example, both Davies and Ramachandran today - you will =ove them. Yes, super-smart (in our best sense of the term). Chaitin, =oo, though his brilliance is more focused on algorithmic information =heory
