Paris to Doha is 5+55min (+27kt tailwind).

G550, the 24 Month inspection is due by March 31st, Pete already accomplishe= all the 24month items while in Teterboro during the last few trips, the on=y thing he could not accomplish was the Gear inspection, this has a 15 day g=ace period, which brings us to April 15th due date for the Gear.

GIV, Requires the 36month inspection due by March 31st as well, which gives u= until april 15th as well.

***Both are calendar inspections that have a 15 day grace, the aircraft can f=y after april 15th, with NO passengers, and requires a FAA Ferry Permit to t=e fly to the Mx facility for its inspection as last resort, if needed.

Hope this helps

Thx
Larry
