We will need to find a new phone vendor for lsj.  
Do not think a press issue as they will still service pb.

Good Morning,  
=br>

Sorry, but we are going to decline on this work. We are unde= new management, and our focus has shifted to our local clientele only.&nbs=;

Due to our restructuring, we cannot support the r=quest to send or support equipment overseas anymore. We do not have the res=urces to support warranty claims and/or service claims outside of our marke=.

My apologies but we need to pass this=opportunity on to another company that can better handle this request.  
= We'd be happy to check with our vendor to see if there are authoriz=d Panasonic dealers that handle that market.

Regards,

Good day, I would like to setup a time we can have a d=ssussion pertaining to moving forward with a VoIP Telephone System and POE V=IP Telephones to include (1) UCM with 16 Port FXO min and (1) UCM with T1 ◆=80◆ port or Fiber Port connecting directly to ONT Circuit from VIYA Network in the Virgin Islands.

Please email me any documentation of such systems pri=r to our tele-conference meeting.

Thanks in advance.

Hey Richard,

I'll put something together for you. Is this to replace the existing system? Any changes to it besides newer models? <=div>

Richard,

&nbs=; Just following up with you to make sure Adam's email reached you, let us know how you would like to proceed with getting the phone= to LSJ. Our warehouse will probably not be able to do anything with them until Monday at this point.

Steve
