Red Line Electrical Service

Station close to fuel depot.

I had CNME trace out power service that feeds the CenturyLink Mi=rowave

The 480V Electrical Service is very close to th= chosen location, for the new
Flagpole.

The foundation required for a 50ft to 60ft Flagpole is 5ft dia x 6ft deep.

We should be able to fit the foundation in between the footing of the fireplace and the electrical service, It will be tricky and the pole may not be in the exact spot chosen

Is it ok we move Flag Pole slightly toward the Fire House or do you wish to choose another location?
