Gentlemen... we have spent a =onsiderable amount of time and money designing and evaluating a build =chedule for your project. Given our current production schedule and the =ddition of an earlier Right of Refusal client stepping forward to have =nother boat built we are now way out of the projected timeline of early =020. The delay may even become longer as a second client in line =efore you appears to be close to committing. We have each worked =iligently to define the boat and you have been patient as we evaluated =ur build schedule. Regrettable we see no way to meet the 2020 delivery =chedule. We do not feel it is reasonable to ask you to wait two years =o get your boat. In good faith we would like to return your full =nbsp;\$10K Right of Refusal deposit so you can pursue other options. =lease forward wire transfer instructions or if you wish, mailing =nstructions with appropriate account name for the check.

Regards,

Rich
