My boy,

I hope this finds you well, you are as always in all of our thoughts.

By separate email, I am sending you the executive summary of Zivo and the main deck. It seems that as always you are correct. The product from analysis is incredible with enormous opportunity but the balance sheet is absurd. There is an opportunity to clean the balance sheet up and do something very special which I would like to talk to you about if at all possible. </=iv>

The main deck is being sent to you in confidence and I would be most grateful if you could look at it and see what you think. =C2◆

Much love from us all
