1-Pete noticed we have a CAS message, "EVS Maintenance" appeared =n displays today, Pete spoke with Gulfstream Tech support, appears to be a=fault in EVS Widow camera controller,.

Exchange Priced \$6500, Part will arrive Monday, Pete will install, Small =ox behind Capt seat.

2-Jay had to send the R/H Fwd

Cabin window shade for repair, It would not open or Close, should be back =uesday next week, All shades worked fine when we arrived, I'll make su=e to inspect and functionally check all interior lights, shades, stereo et= next week.

Coincidence? I'm thankful Eric is not doing any major alter=tion, We flew the G550 on 16 trips, with NO issues,.
