Jeffrey,

I believe we should make the R/H (aft of your seat) baggage trunk tray 18" wide – NOT 20" wide. I like the idea of whatever sits in this to be outboard of the arm rest so you visually "find it" when you enter the cabin as opposed to it "visually competing" against your seat.

It will be 32" long and centered on the window in that area and leave approximately 10" or so of space between the tray and the divan arm rest.

Do we have your blessings?</=>
