Subject: In memory of my sister, Wendy Eigen, Charlotte is running a 100 mile race

and raising money for a wonderful eating disorder clinic and services provider in South Florida. Run by a woman who in her earlier years suffered from the same eating disorder as my sister, the funds are to be donated in my sister's memory to "The Alliance for Eating Disorders Awareness." =C2◆

They will be launching a new program: The Alliance's Psychological Services, which will aid those who are uninsured/underinsured in the community and offer very low cost, direct life-saving treatment for eating disorders in an outpatient setting.

To donate directly, please click on this link: www.allianceforeatingdisorders.com/portal/donate-now-secure.

=/font>

1. On the donation page to which you are directed, at the TOP of the page, there is a pulldown entitled "Program." In memory of Wendy Eigen is the first option - please select that.

Let's make those miles count. Thank you for your help!

David
