For non-collateral purposes (I.e., on our books), we do include sales =ax paid or use tax that we are accruing as part of the "cost." =C2

If a work is collateral=or is on our potential collateral lists and it is a new purchase - meaning=that it was purchased since 1/1/17 so hasn't been appraised yet - we i=clude sales tax that we actually paid as part of the value of the work, but we do not include use tax that we are accruing but have n=t paid yet. The bank requires us to give them invoices for collateral that=has not yet been appraised and they give us "credit" for the pur=hase price plus any sales tax shown on the invoice, but not for use tax that has not yet been paid.

Once a work has been ap=raised, we carry it on our books and for collateral purposes at its apprai=ed value.
