Chris did the opposite.

You requested purple flowers on each side with the stone wall removed. I ask=d Chris why is he planting something else instead of the purple flowers and=he said because he have to put the new plants someplace.

Peter said that he spoke to Chris, Karen & the Landscapers as to what you re=uested. The new workers said that Karen told them yesterday afternoon that i=s all wrong.

I ask Chris to please do only as JE asked
