I sent her to Brazil to do a story for L'official. Not sure what her deal is...I guess she dates younger guys? What's that about, trust issues, needing to feel in control?

Something I can't figure out: the two times that we've been together she wouldn't eat anything, not even ice cream. It's like she's afraid to eat around me or she doesn't feel comfortable sitting across a table and talking. That we always do is walk and talk - which is actually one of my favorite things to do - so not complaining, just trying to figure her out. And then I ran into her by chance the next day and she was smoking a cigarette...which I have no problem with, but I think it's like the food thing, she won't do it around me. What does that mean? When are you back?

Hard to tell...we walked around for 6 hours and talked...I guess it went well. She told me her mother (who I met a couple years ago) wants to cook for me. Who knows, let's see!
