I suggest you focus on large issues first. . the discussi=ns re personal use of plane . parties travel. may be relevant =t the tippy tip of the margins but these answers should=C2 flow from the structure. On what form will you use the =education. ? which business. , its structure. diffe=nt buisnesses etc.

Barry , what you will find is that there is very few answers t= be found on point as people in leons position rarely make cases to tax co=rt. exception being estate issues. . =lanes owned by farmers salesman, bankers. are usua=ly small planes. meaningless to leons issue. =A0 large biz gets are usually owned by corporations. . =C2 the facts. there are approx 400,000 planes in the =states. out of that large number only about 13, 000 total priva= jets. out of that class only 2000 large jets =A0 and most owned by corporations. how many people have=business of leons size . not including his art work.

You asked , me what do we do now. as=I told Brad years ago. First and foremost is accur=te numbers presented in an organized fashion. that is 8= percent of the grunt work. Once all the numbers are in shape = ie materials for the building of the financial architecture.=C2 . Leons goals must be addressed and programmatic . =C2 this takes hours of discussion. . next . plans are=drawn up, . modifications are made, issues of sec=regulation, tax, control, succession. mechanics. all need to b= planned and adjusted to meet the goals.

You need to recognize that there are few , very few exa=mples of the house that in leons case needs to be re built. =A0 most people with leons wealth have a serious family office=C2 with a huge stock portfolio. , not art. and of those , =ew hold dormant assets ie apollo. . Its been ten years=C2 since apollo went public. and the house needs total reno=ation. upgrades in tech, security, and the family has c=anged all very similar to architecting a house after the chil=ren have grown and left.
