Chris did the opposite.

You requested purple flowers on each side with the stone wall removed. I ask=d Chris why is he planting something else instead of the purple flowers and=he said because he have to put the new plants somewhere

Peter said that he explained to Chris, [REDACTED] and the Landscapers exactly wha= you asked them to do but no one listened to him. The new landscapers said t=at [REDACTED] told them yesterday afternoon that everything they're doin= is wrong But no one told them what was the right and they weren't s=re if they should have listened to Peter because they were told Chris and [REDACTED] is in charge

I ask Chris to please do only as JE asked
