J. or Jeff or Jeffrey,

Hope things are going well for you.

I finally finished =rimming down my collection from 700 pages to 400, "60 Years of =nvestigative Satire: The Best of PK." The piece below is the =east one in the book. You've previously seen the first =alf.

Enjoy,

=/span>Alternative Facts

Between the choice of a one-man-one-vote (Supreme Court Justice =ntonin Scalia) and fake news of Weapons of Mass Destruction, invasion =f Iraq, and horror of ISIS, George Bush was elected president in the =ear 2000. It was due to the electoral college (a rigged system which =originally intended to prevent slaves from voting and evolved to =errymandering), even though Bush's opponent, Al Gore, won the =ational popular vote.

Hillary Clinton was elected senator that year, and =he announced that the first thing she would do was to get rid of the =lectoral college. A few years later, as a columnist for the New York Press, I sent her a letter asking about the =status of that promise. She didn't reply.

On November 8, 2016, a =rooked businessman, liar extraordinaire, bragging pussy-grabber, =ake-America-white-again, anti-choice, anti-Semitic, fake Christian, =limate-change hoaxer, twitter addict, homophobic, apprentice =olitician, friendly fascist, and Vladimir Putin's "useful=idiot," namely Donald Trump, who was elected as an insanely =arcissistic dictator based on the electoral college, whereas his =ponent, Hillary Clinton, won the national popular vote by "more =han three million" individuals.

Irony lives.

But an incredibly cruel monster inadvertently =wakened a sleeping population to counteract the essence of evil with =ove, laughs, and law, fueled by the aid of true news. Incidentally, =utin had 88 journalists murdered. No wonder Trump told him, "It♦=80♦s an honor to be with you." Now Putin wanted new Obama♦=99s sanctions on Russia to be reprieved.

National Security Adviser Michael Flynn had =iscussed it with the Russian ambassador a month before Trump took =ffice. Although General Flynn joined his campaign and shared criminal =secrets, he denied them to the FBI. It was a felony offense. =he Justice Department warned Trump that Flynn had =isled Mike Pence, and that Flynt could be vulnerable to =lackmail. Trump asked Flynn to resign, and yet he offered =is job back when he got out of prison. Why? Because Flynt was the =capegoat, taking the fall for the president and vice-president. He =referred a trial with immunity since they knew. Pence said Flynt lied =nd that itself was a lie.

If Trump and Pence were both to be kicked out of the =hite House, the next in line would be the Speaker of the House, Paul =yan. Steve Bannon <<http://www.huffingtonpost.com/topic/steve-bannon>> has described him as “a =imp-dick motherfucker who was born in a petri dish at the Heritage =oundation.” It takes one to know one. Indeed, Bannon said he =anted to destroy Ryan.

Hallelujah!
