Subject: Re: Mitochondrial transplantation

life expectancy tables after reaching the age of 60, has not changed much in one hundred years. =C2 most change due to moves to the city. . any =road treatment for the general population I bet will be met with a counter=to keep the death numbers constant. I would =ocus only on a subset of the general pop. not sure which. =A0, you and i should be a member of the class. but i think th=t the complex system will find a new death mechanism. =A0 do you think that vascular pathways have a role=, as the pathways get screwy with age. alzhimers appears. =A0. is your specialty an insight. . =C2

more imporantly I WANT A PLAN. =C2 when do you see or communicate with Bill agin.
