Dear [REDACTED],<=:p>

</=:p>

Many thanks f=r your last Email. Those clarifications give us a better vision on the Main=Residence project.

</=:p>

In the way to=move forward on the project, we'll need the island topographies pla= and associated documentation and information.

With those do=uments we'll be able to start to work; on a first preliminary maste= plan as well as first preliminary studies for Main Residence.

</=:p>

Just one more=question. Regarding the Main Residence could we suggest to you, other locat=ons on the island, or do we need absolutely to keep the previous one. For the Main Residence do there's also an= visuals requirements or recommendation, weather special complementary cond=tions, etc... Who could be architecturally helpful?

</=:p>

On our side w='ll prepare a first proposal for this preliminary work mission for t=e Main Residence, who'll include:

- =nbsp; Island Master Plan
- =nbsp; Main house furnished plan
- =nbsp; Main House Main Section &am=; Elevations
- =nbsp; 3D View & Rendering

Thank you for your assistance,

Best regards
