Subject: Selected Carpet

Dear Jeffrey,

The sample has been sent to the lab for testing.&nbs=; We should have results by Wednesday.

This quality 50% wool and 50% silk has passed before= so we are very optimistic.

A separate test will be conducted on the final produ=tion material to be used in the aircraft.

Delivery is six weeks subject to a possible delay in=dying but not more than 7 weeks after placement of the order.</=>

A formal estimate will be sent with the fire certifi=ate.

Thank you

Marc Sacco
