**Subject:** RE: Pilot and copilot sheepskin

The leather on the vertical surfaces will wear 100% better than the sheepskin.

We would still require leather for the pocket and the straps to retain the belts. My suggestion (and we are looking for your approval) is to replace all the gray leather with the same as the cabin seats (pumpkin) and replace the gray sheepskin with the white sheepskin.

Lastly, the belts were already re-webbed in gray. Do you want those re-webbed to match the leather or sheepskin?

There are areas on the crew seat i.e.; pockets and straps that are required to be on the seat and can not be made of sheepskin. See photos attached.

The bottom and back close out panels also require a leather/fabric to adhere the velcro to the cushion and seat frame.

We could use a white leather to coordinate with sheepskin so it's discrete in those areas.

I look forward to your feedback.

Good Morning Jeffrey,

As per your request of coordinating the pilot and copilot sheepskin color to divan fabric.

Attached are two color options; Camel and Putty.

Do you have a preference?
