Good morning J=ffrey,

I hope this email finds you well. New job g=ing well with focus on Endowments, HF's and family offices being very recep=ive. Just launched a SPAC and thought the warrant coverage and management t=am were strong. Vol remains low but believe that Middle east tensions will =ar this over the coming months. SX5E looks attractive on a relative basis a=d a leveraged note with some limited downside protection looks interesting.=nbsp;

Love to catch-up and find out what your doin= these days and your thoughts on the markets.

Best=regards,

Bruce
