Hey Rich,

I have been communicating from day one with Michael and Kimberly. Everything they have asked me to purchase has been purchased =nything Michael asked me to do has been done.

- he's on our barge run group text so he's aware of what's =oving back-and-forth (8 persons in group: Chris, Danny, Carl, Sheridan, =ichael, Dale, Boscoe & Kamoy)
- I do whatever they ask =e to do
- We talk on the phone when we have questions
- They see me at least 3-4 times a day
- we text =ach other all the time
- we update the punchlist =separately)
- he's been in the captain's office with me =hile I was doing work
- i've given him everyone's phone =umbers

I think he's upset because I =uestioned him about hiring the young woman that TJ brought to LSJ, him =eing so eager to bring on Oceans Pest and him firing a Vendor without =ause or reason. I believe he's upset because of those reasons so I will =ologize and be more attentive to him.

I =an honestly say. I have been there for Michael & Kimberly regarding =ll their needs and requests. When I'm trying to get projects done and =chedule our LSJ/GSJ barge runs I might be a little antisocial. I =pologize

Ann =.
