Hi Jeffrey,

Like the Hermes sofa shown below. We =an add a seam to the front of the bottom cushion edge and waterfall the to= of the back cushion.

Please keep in mind due to the thickn=ss of the suede and the 1 pc cushion, when the four seams meet in the midd=e they will create a "lump" since the underside edges of the suede cannot be skived down like leather can.  
<=span>

If you would like the "boxed=E2 look I will explore the option of adding a stitch to the edge of =he suede, with no seam. My concern is the suede stretching and the seam moving.

Jeffrey,

Can you please draw where you would like the seams to be so we are clear.

Thank you.

Hi Jeffrey,

Below is our recommended divan styling with the seam=running down the center of the back and bottom cushion as well as the fwd =nd aft ends.

The face of the cushion will be a clean edge, no sea=s.
