**Subject:** Now this

[REDACTED]: I was asleep. All ok?

[REDACTED]: Not really. I just broke up with that beautiful and magnificent girl that page six had written about. I had to send her on her way. It's a long story but it was the right thing to do. Now, however I am heart broken, very sad and lonely as I live by myself. I remember you had a rough breakup with that slight fellow who was all into bitcoin. How long did it take you to get past it and how did you do it? I've just sort of cried that last two days. Even though it was at my initiation, I know it was right, etc., I feel like I'll never be happy again. And I'm the happiest guy you know. Anyway, I thought you'd have advice.
