Dear Claire,=span>

Thank-you in advance fo= your formal response yesterday. I certainly hope that I did not insult any=ne by submitting this Offer.

We knew our Offer was l=w, but honestly we did expect to receive a counter proposal.

In addition, please be a=vised that I am formally now under contract working for this specific Buyer=and it is my mandate to try and secure the purchase of your S/N 30884 at th= best price possible for my client.

I will deliver your mes=age and my comments to our client , however in the absence of a counter Off=r , I think we will just stand down because all we are being asked to do is=bid against ourselves.

You also mentioned that=you have other Offers that you are considering and for sure my client is no= interested into getting in a bidding war for this aircraft.

Therefore if your other=Offers fall by the wayside and you are interested in entering into a clean =80 no-nonsense " transaction with a client that has already seen a=d accepted the condition of your aircraft,

Please feel free to com= back to us.

We remain at your dispo=al and look forward to receiving your favourable response.

Very best regards<=o:p>

Dear Claire,=span>

Good Afternoon. Many th=nks for helping to clarify the engine situation on your Boeing BBJ S/N 3088=.

As mentioned I have bee= officially hired by Plan C, LLC to represent their interests to try and Pu=chase the BBJ S/N 30884 from Royal Jet LLC.

The advantages and high=ights to our Offer are as follows:

1. The client Plan C LLC has already viewed the aircraft in great detail and are willing to accept it in its current condition.
2. The Offer has very few conditions and it offers a no-nonsense quick closing.
3. The only pre-buy requirements are Boros=ope's of the Engines, Log Book research and simple DAR inspection to insure that it meets US FAA certification.
4. All inspections can be accomplished right in Abu Dhabi , as you requested and there is a very limited exposure to Royal Jet to incur any costs whatsoever. (other than it's planned engine change)
5. The Offer references a Quick closing on=an AS/IS , Where / IS basis.

This is the deal that Royal Jet always discussed and now with proper management through Opus Aeromatics we can assure you a seamless , quick transaction. Our client is also flexible on closing whereby Royal Jet can effectively take the aircraft out of service on your schedule=

In summary I can honestly say to you that this is the cleanest and most uncomplicated transaction I=have ever seen in my 35 years of selling aircraft. This is a high quality deal coming from a very qualified Buyer and I believe that this Offer is worthy of your serious consideration=and acceptance.

In closing , please be advised that our fees are being paid by the Buyer with no financial remuneration whatsoever coming from Royal Jet. We also have the ability to re-submit the Offer through Windstar Capital Corporation if you so desire as I believe Windstar was an exclusion to your=existing brokerage agreement.

Thank-you in advance for considering this formal Offer to Purchase and we look forward to receiving=your favourable response.

Best Regards,
