Still now, I'm trying to understand myself and who I am. I believe it takes time and it's different from person to person. Now little by little I've started to focus more. I'm starting to understand real life, what are my priorities and things that really matter. Here are some actual facts: I've started to earn some money (which I have never did before) which I believe it's already a small accomplishment. I did some babysitting and after 2 paid trial days (250 euros per day) shooting for Vogue and Dior, I've got hired by one of the best fashion photographers called [REDACTED] (paid job). I'm very happy and excited to work and learn from him which is better than any photography school. I'm ready to work as long as I need to in order to build my skills and stand out in that field. I think I've achieved some results and gained some value if I compare myself 2 years ago from now. Thanks to you I had the possibility to make many interesting experiences like [REDACTED]. Even though I didn't get hired from them, those experiences allowed me to understand what I like and what I don't like and shaped in part the person I am. Thanks to [REDACTED] and my passion for photography I am now working with [REDACTED] doing what I really like. However even though I work hard and I am paid I cannot fully support myself to pay a rent and my living in Paris. I really would like to continue through this path, I feel it's the right one but I need your help, your support and your advices because I cannot make it by myself.

I promise I will use my money wisely without throwing it away into futilities like parties and holidays because I want to grow and build my skills, my career and hopefully my future self.
