I'm available for eith=r today or tomorrow.

If it helps, I will redesign=the system. This involves a complete redesign of the switchgear and the addition of step up transformers. With all of that said, you will be able to =o the design as requested and use the generators to back up both islands. =dditionally, I believe you will save some money.

= will, however, send you an addendum for this design because it is quite d=tailed and a significant amount of additional work.

I apologize for not getting back t= you. We are out doing the final ROV work for the cables in the deep=r areas and are out from about 630 until 630.

We are preparing to finalize the EAR for the c=bles. we are presenting to DPNR and COE at their meeting on the 21st and t=en submitting the same day.

I will try to call you from out on the boat, but its windy right=now.
