Another stock which=you should watch is Netease (NTES). Second largest mobile gaming company in China after a Tencent. I bought some last week around 275. Very few people in the US follow the name. China about to overtake the US as the worlds largest mobile gaming market. No reason why Chinese internet companies can't rival those in the US given the size of their market.

Will you be able to find a solution? I can go back to the drawing board and look for SEC registration exemptions if that would help.
