Hi Jeffrey,

I hope this finds you well. Julian has asked me to send you a photo of the=girls and I am terribly sorry I do not have better ones with me here in Det=oit - this does not quite do them justice! They are a wonderful crew. I kn=w Mimi has loved her correspondence with you and I will add another photo o= her in another email to put a face to her name for you. Thank you SO MUCH=for your input into her extremely distressing issues with her spine. (I w=uld not wish this on anyone but somehow it is particularly hard when the gi=l effected is so intellectually gifted and so beautiful. She is 5'11 and a=total stunner with a great part of the Douglas Leese mindset! She has so m=ch potential it is heartbreaking.)

Thank you so much, as well, for your consideration of a donation to the IPFC= and separately for your input into Julian's new passion for commercialisin= their services through court-mandated counseling. If a contribution woul= be agreeable for you it would undoubtedly give Julian great leverage with t=is organisation and a real shot in the arm after his hassles at home in the=UK. The British are not quite as forthcoming as the Americans - therefore s=ch requests are slightly against their nature however the IPFCA is somethin= he feels very driven by.

Julian has been through hell over the past year with Mimi's health issues an= the decline of his beautiful mother; two issues that have knocked him side=ays. I have noticed very clearly that his chats with you give him a renewe= spark- he is very fortunate to have such an inspiring friend who not only u=derstands his background but has the ability to share his unique vision for=life: The Big Picture!

I hope to meet you one day soon and share some of the old stories. I have b=en very fortunate to join such a colourful family and I am sure we would ha=e a great laugh!

Much love and best wishes

Gia
