After further review of Gulsream AirShow 4000 upgrade.,
Chevron already installed Rev II AirShow upgrade., The \$28k quote from Gulsream was for Additional hardware to link
AirShow da=a with IPad or iPhone.,

I spoke with Jeff Shaw,,

At ProStar avionics, he feels your cabin management system is a stable platf=rm which Rockwell Collins still supports.,
due to late serial number of the=550.

He doesn't think Rockwell Collins venue touchpad cabin management system is n=cessary., I appreciate his honesty.
