Dar=, how long will you be down, I am up tonight to Tampa to go to a sch=ol function for my step daughter, I am back Monday, but going to San Juan =uesday Wednesday to talk to ACE. I have been collection mangroves an= have revised EAR to include the keeping/removing of ramp when new ramp is=permitted. I plan to plant mangrove next week, and if I can get the =s-built for the dock and the shoreline on LSJ we should be able to get eve=ything cleared up. We are on good schedule, we're about 2 weeks=out on WAPA and we should dove tail in nicely. This should also let your d=ck application start rolling again.
