They told us that if we want we can consider to go through the Kuwaiti=Company (if they agree) and get the agency through and under them. But thi= may not be feasible. We do not want to pressure you on this, but if=the Starbucks management can consider us directly for the region we reques=ed, it would be good. I understand that Starbucks have there concern=in granting franchise of a very large region to a different and unknown en=ity, when they already have a trusted partner in the region. You can=check with your friends if this is something they could consider. Thanks.<=div>
