Bell 430 it=m,
This wa= Flight Saftey quote for me, which included the Bell 430 re-current and G5=0 initial, price is \$59,400 which is 550 initial and Bell 430 recurrent,. = would need a G550 recurrent the next year, which is an additional \$25k.,<=div>

"Flight Saftey" in Dallas has start date May 1st G550 initial cla=s. Ends May 23rd, which includes Check Ride, Advance Navigation course w/C=DLC, and Synthetic Vision class that includes Sim time using HUD "Hea=s Up Display" and EVS "Enhanced Vision System" ops in the S=imulator.

Single time event is \$62,100 for Initial.
Dual event which covers 24 month is \$77,500
After Initial training, the following year Recurrent G550 training is \$25,7=0

Option
1-Do you want Dave to do Single event Initial for \$62,100
Or

2- the two year program which is G550 Initial and includes Next years Recur=ent training total \$77,500

Option 1 or 2 ?

Thx
Larry

Hi Larry,

Congrats on the pending purchase on the G550 and thanks for your email.

We'd like to amend the proposal we sent to you on February 3rd with the=following special Two Event prices for 2017:

TWO EVENT AGREEMENT

Gulfstream G550 Initial with G550 Recurrent for the same pilot=within 13 months - \$77,500 each pilot

Gulfstream G550 Initial with Bell 430 Recurrent for the same p=lot within 13 months - \$59,400 each pilot

As discussed, we don't offer G-V with G550 differences and only offer G=50 training in our G550 sims due to safety concerns based on discussions w=th GAC, our customer advisory boards and customers. The prices above=will cover the "type specific" G550 and Bell 430 training.

Please let me and/or Woody know if you have any questions. We look fo=ward to being of service.

All the best,
Greg
