I know it didn't just happen and I=assume my responsibilities.. Does this mean that I should stay in this situation forever because of my previous mistakes ? I'm starting to=understand how life works.. it's not easy, actually it's very scary and wild. I feel like I've been thrown in a jungle all of a sudden surrounded by lions. You've always told me that school is unuseful and internships (even if in good companies, like I've always found) as well=since they are not paid so it was a waste of time. Now I'm working very hard as a babysitter from 8am to 8pm, a paid job (the kind of job you=39;ve always told me to do) and assisting the photographer when I can in order to learn something interesting (babysitting is not very interesting and it's taking most of my time and energy) but it's paid... How long should I work as a babysitter in order to be successful ? Do you think this is getting me on the right path ?
