Hello Rich,

So sorry. I thought I sent this to you.

After closer examination (see attached) it is not a =traightforward TV replacement unless the TV stays in the current =ocation. Relocating the TV to the west wall will require construction as below:

-remove electronic systems.

- deconstruct 45 degree wall build out.
- Install wiring and electric as required.
- install backer board on west wall.
- plaster and repaint all surfaces as required.

I send a proposal to replace the TV and associated =lectronics this morning. This will be priced as a direct =eplacement for the existing set up.

Regards,

Al

Hello Rich,

This is the best OLED currently on the market that can be wall mounted.

About a week ago Merwin suggested that the boss wanted a universal remote in that location. We can certainly take care of the entire thing including the specialty corner mounting. Please contact mw with questions.
