Good evening Larry, I honestly didn't see your email so it's a good thing you called. I will check with the guys tomorrow concerning estimated cost. I'm almost 100% those are 16 G seats for the cabin. I can tell you it's about 10 week lead time on the seats with materials in stock. Flammability testing and TSO tag modifications are taking 8 weeks Skandia Inc to process. We are just wrapping up Jack Nicklaus' GV and have a GIV that that's do out the 1st week of May. The next available time slot is May 15th.
