Excellent title and a smooth read. I particularly like this: "One of the keys to our argument for a mental world is the contention that only conscious observers can perform measurements."

Dear Henry, Menas,

Our quantum mechanics essay has been published on Scientific American:

<https://blogs.scientificamerican.com/observations/coming-to-grips-quantum-mechanics/>
<<https://blogs.scientificamerican.com/observations/coming-to-grips-with-the-implications-of-quantum-mechanics/>>

Many thanks for collaborating with me on this; it is a great personal honor for me to see my name alongside yours in a major publication. I shall treasure this for a long time.

Cheers, Bernardo.
